ABSTRACT
Louis Kriesberg has long been a scholar of conflict resolution. In his career he undertakes concise evaluation of complex environmental analysis of conflict amongst others is the Soviet-American rivalry of the postwar decades and the Arab-Israeli conflict. He modelled the steps toward deescalation-ways to begin negotiations, choose issues and reach inherent as well as overt agreements. The goal of this paper is to conduct a critical review of the Louis Kriesberg (1992) International Conflict Resolution: The United States, USSR And Middle East Cases. The review is an attempted to scrutinize Kriesberg’s analysis of conflicts and peacekeeping and evaluate the effectiveness of his model of dispute settlement.
